

NISOTEC 4T GARDEN

Engine cleanliness

Mineral

NISOTEC 4T GARDEN is a high-quality mineral monograde engine oil for various types of small four-stroke engines of lawnmowers, cultivators and other garden equipment. It is formulated to meet the requirements and specifications of most leading garden equipment manufacturers.

Applications:

- Small four-stroke engines built into various types of garden equipment
- Lawnmowers, motor cultivators, small generators...

Characteristics	Advantages
Wear protection	Good film strength over the full load range protects the piston-cylinder and bearings, thus extending the life of the engine
Engine cleanliness	Cleaner engine and excellent lubrication, thus longer engine life

Specification:

- API SL/CF

Typical characteristics

Characteristics	Method	NISOTEC 4T GARDEN
Kinematic viscosity at 100°C, mm ² /s	ISO 3104	11,0
Viscosity Index	ISO 2909	101
Pour Point, °C	ISO 3016	-21
Flash Point, °C	EN ISO 2592	225
Density at 15°C, kg/m ³	EN ISO 3675	888

Health, Safety and Environment

Information on the safe handling, storage and disposal of the product, as well as information on precautionary measures and potential hazards, effects on human health and the environment can be found in the Product Safety Data Sheet (SDS). Store the product in its original packaging protected from atmospheric influences. Shelf life 5 years from the date of manufacture.
